

ELECTION OF SPECIES

Election of Species

The Office Action sets forth a seven-way species election requirement, as follows:

Embodiment 1: Figure 8;

Embodiment 2: Figure 13;

Embodiment 3: Figure 14;

Embodiment 4: Figure 15;

Embodiment 5: Figure 17;

Embodiment 6: Figure 21; and

Embodiment 7: Figure 33.

The Office Action states that the species of Embodiments 1 through 7 are independent or distinct because claims to the different species recite mutually exclusive characteristics of such species. In addition, the Office Action states the species are not obvious variants of each other based on the current record. Currently, no claims are identified as being generic.

In response to the election of species requirement, Applicant provisionally elects Embodiment 1. Applicant respectfully submits that at least Claims 25 through 30, 32 through 39 and 41 through 45 are readable on the elected species.
